# 10<sup>th</sup> Edition

*10<sup>th</sup> edition. Yes, dear colleagues and friends, it seems like yesterday when we first met in Belgrade. The first smiles and the first handshakes. Which then became hugs over the years.*

*Yes, because what has been built in recent years is not just a football and volleyball tournament. It is an unmissable event among friends who share work and passion for sports.*

*The Champions Bank arrives after the summer as a party where every year something new and beautiful continues.*

*We must thank the ARMUNDIA GROUP for believing in the project from the beginning.*

*We must thank the organizational staff who work every year to ensure that everyone is happy to be there and to return.*

*Above all, we must thank all of you, colleagues, for being here and for the affection you show us every day.*

*10 is both a point of arrival and a point of departure.  
The journey continues and you will always be the protagonists.*

*See you in Poreč.*

# Welcome to Poreč / Croatia!

# A special welcome!

## Ten editions, countless memories

*Ten years goes by quickly when you're doing something you enjoy with the right people.*

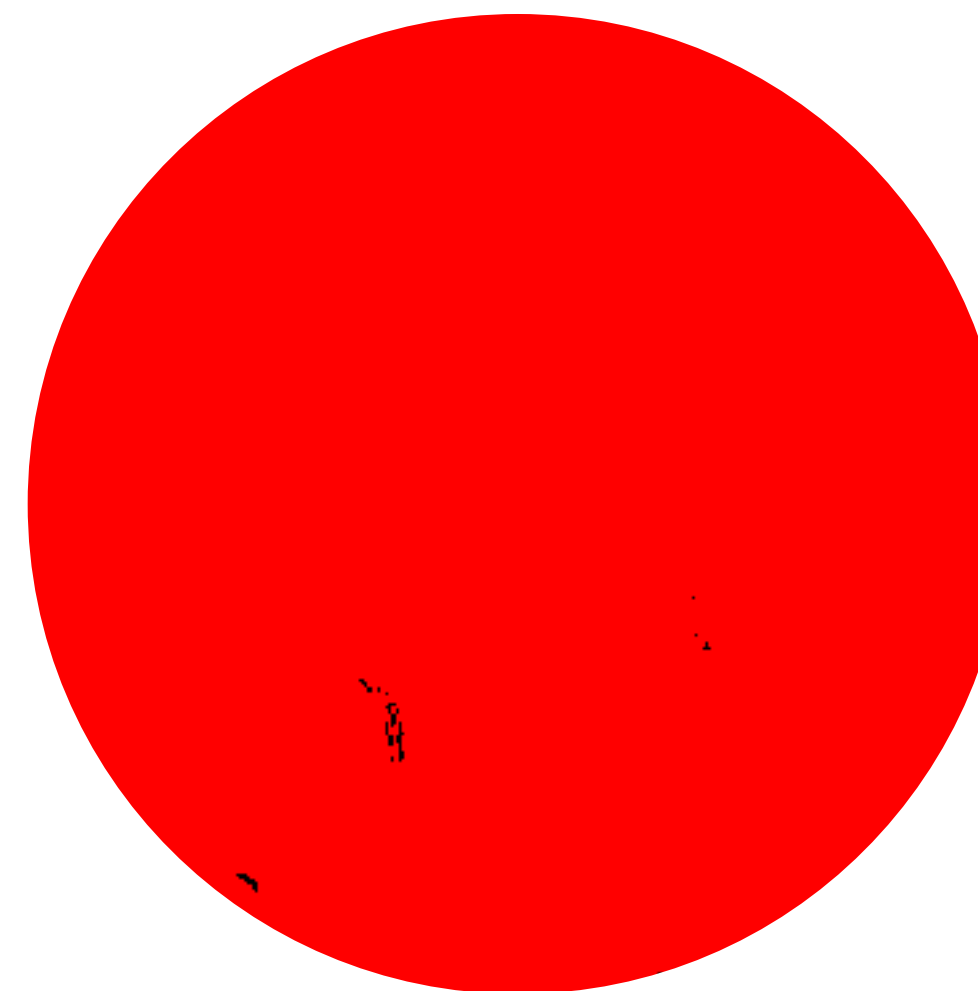

*Champions Bank started as a football tournament among friends and colleagues. Now it's grown into something bigger—adding volleyball, welcoming the Over 40 category, bringing together people who share a passion for sport and competition.*

*We at Armundia recognised this spirit from the beginning. It mirrors how we work: start with a solid foundation, build with people you trust, stay flexible enough to evolve when the moment calls for it.*

*Every year the tournament gets better—new faces, new categories, new stories. That's the beauty of initiatives that grow organically, shaped by the people who participate.*

*Thank you for letting us be part of this. Looking forward to Poreč in October - and to many more editions ahead.*

# Meet the city of Poreč

## POREČ

*Poreč is a beautiful summer resort town, sitting in a prime spot on the Istrian Peninsula of western Croatia. The town is located among the marvelous areas of Plava Laguna and Zelena Laguna, meaning Blue and Green lagoons. It is true: the mix of these colors together to the blue of the sea makes a unique feeling among the inhabitants and the visitors.*

*Excellent the tourist services with hotels, walking promenades and valuable sport structures indoors and outdoors. A visit of the old town with its characteristic fishermen streets is a must.*

**Easy to reach by car: 1 hour from Trieste and 2 hours from Zagreb or Ljubljana.**

**IMPORTANT**  
**Croatia is in Schengen Area.**

*Simply a fantastic town!*

*For this reason, waste management and green energy have been always key factors of our event.*

*Moreover staying together among colleagues, in a not routine days, is an important step of the workplace health companies strategy.*

*We are sure we will continue in the future because we simply strongly believe on this.*
